

ECONOMIC SECURITY FOR EARLY CHILDHOOD EDUCATORS

Visit **EconomicSecurity.ca** to add your voice to the call for equal compensation for all early childhood educators in Nova Scotia!

Early childhood educators in child care centres do not get the same wages, pensions and health benefits as those working in public schools, even though they do the same work and have the same qualifications.

The Nova Scotia government should be investing in recruitment and retention strategies that include equal compensation for all early childhood educators across Nova Scotia.

Send a message to the Minister of Education and Early Childhood Development now.

Ask them to provide adequate funding that will stabilize the sector and ensure all early childhood educators receive equal compensation.
